

2012 Corporate Hotels

To take advantage of the corporate rates for each hotel, it is necessary that you use the link listed in this document for each hotel. You may also contact the SCC Travel department to assist you as well. If all rooms are full the travel department will make other accommodations.

Each of the corporate hotels offers a shuttle service to SCC, we do **strongly** recommend that you consider a rental car for the week, especially if your site is sending a large group of people. You may be required to wait 15-30 minutes for a pick-up when the hotel is full.

If you do opt to use hotel transportation, you should contact the front desk at the hotel a day before your departure to request a pick up and give them your flight number and arrival time. Once you have landed you should contact the front desk once again to let them know you have landed. Since this is a courtesy shuttle, if you decide to rent a car or take an alternate method of transportation after you have requested the shuttle, the hotel requests that you contact them to cancel your request as soon as possible.
