

SCC SOFT COMPUTER REGULATORY AFFAIRS QUICK REFERENCE

SCC'S SOFTLAB® VERSIONS 4.0.7, 4.0.8, 4.5.4, AND 4.5.5 ARE ONC HEALTH IT 2014 EDITION MODULAR EHR COMPLIANT¹

(Clearwater, FL) January 15, 2018 – SCC Soft Computer is pleased to announce that SCC's laboratory information system, SoftLab®, versions 4.0.7, 4.0.8, 4.5.4, and 4.5.5 are ONC Health IT 2014 Edition Modular EHR compliant.

SoftLab® versions 4.0.7, 4.0.8, 4.5.4, and 4.5.5 were certified by ICSA Labs² in accordance with the applicable certification criteria adopted by the Secretary of Health and Human Services.

These certifications do not represent an endorsement by the U.S. Department of Health and Human Services.

CERTIFICATION DETAILS

Product Name	Certification date	Certificate number
SoftLab® 4.0.7	January 10, 2014	CC-2014-100005-1
SoftLab® 4.0.8	February 20, 2016	140059R00
SoftLab® 4.5.4	April 21, 2014	140059R01
SoftLab® 4.5.5	December 20, 2017	140059R02

CERTIFICATION CRITERIA

SoftLab versions 4.0.7, 4.0.8, SoftLab 4.5.4, and 4.5.5 received ONC Health IT 2014 Edition Modular EHR certification for the following criteria:

- ✓ 170.314(b)(5)(B): Incorporate laboratory tests and values/results
- ✓ 170.314(b)(6): Inpatient setting only – transmission of electronic laboratory tests and values/results to ambulatory providers
- ✓ 170.314 (f)(4): Inpatient setting only – transmission of reportable laboratory tests and values/results
- ✓ 170.314(g)(1): Automated numerator recording
- ✓ 170.314(g)(4): Quality Management System

ADDITIONAL SOFTWARE

The additional software relied upon to comply with one or more of the certification criteria include:

- ✓ SCC Soft Computer Reference Lab Interface
- ✓ SCC Soft Computer ELR Interface
- ✓ SCC Soft Computer Result Reporting Interface

¹ The ONC Certified Health Information Technology (HIT) program tests and certifies that HIT is capable of meeting the 2014 Edition criteria approved by the Secretary of Health and Human Services (HHS). The certifications include Complete EHRs, which meet all of the 2014 Edition criteria for either eligible provider or hospital technology and EHR Modules, which meet one or more — but not all — of the criteria

² ICSA Labs, an independent division of Verizon, offers third-party testing and certification of security and health IT products, as well as network-connected devices, to measure product compliance, reliability, and performance for many of the world's top security vendors. ICSA Labs is an ISO/IEC 17025:2005 accredited and 9001:2008 registered organization. ICSA Labs is NVLAP accredited as a Health IT Test Lab and is also an ONC-Authorized Certification Body (ONC-ACB) accredited by ANSI to ISO/IEC 17065. COSTS AND LIMITATIONS

- ❶ User acquires access to the Software License by paying a License Fee. User receives a perpetual license to use the software. Because many of the company products are FDA regulated, the user will terminate its right to use the licensed software if maintenance of the licensed software is terminated by the user.
- ❷ In addition to the License Fee, there is a onetime implementation fee and training fee quoted to help the user move from test system to production system in live operation.
- ❸ Once Live Date occurs and the software is used in a production environment, software maintenance commences. Software Maintenance fee is a percentage of the Software License Fee. Updates to newer versions of the user's Licensed Software is offered for no license fee as part of the annual maintenance.

EDUCATION COURSES

- ❶ SCC Soft Computer offers a variety of online or on-site training classes that are listed on the website.

THIRD PARTY FEES

- ❶ SCC Soft Computer is an authorized reseller of IBM and Oracle products and services. IBM and Oracle products are offered as a pass-through courtesy to users and will be quoted when requested by the user.
- ❷ SCC Soft Computer offers interfaces to laboratory and HIS vendors, as requested by the users. The interfaces are offered under an initial license fee and an annual maintenance fee.
